

☐ **Worksheet 21**

My Next Trip

Destination:

.

Travel dates:

.

Budget:

.

Who is travelling?

.

Interests:

.

Questions I'll ask AI:

.

Things I need to verify:

☐ Prices

☐ Accommodation

☐ Bookings

☐ Opening hours

☐ Weather

☐ Travel documents

.

✓ Checklist

Before asking AI:

- ☐ Decide your budget
- ☐ Know your destination
- ☐ List your interests
- ☐ Note any mobility needs
- ☐ Decide how many days

After AI responds:

- ☐ Check prices
- ☐ Verify bookings
- ☐ Confirm opening hours
- ☐ Save itinerary
- ☐ Print packing list

□ Prompt Library

Holiday Planner

Plan a seven-day holiday to _____ for two retirees with a budget of R_____.

Day Trip

Suggest a relaxing day trip within two hours of my home.

Packing List

Create a packing checklist for my holiday.

Restaurant Finder

Recommend affordable restaurants near my destination.

Travel Budget

Estimate the total cost of this holiday.

Scenic Route

Suggest the most scenic driving route between these towns.

Shopping Planner

Help me organise today's shopping and errands in the most efficient order.

Appointment Planner

Help me organise multiple appointments on the same day.

📁 Members-Only Bonus

AI Travel Planner Toolkit

Includes:

- Holiday Planning Prompt Pack
- Budget Calculator Template
- Packing List Templates

- Road Trip Planner
- Restaurant Research Prompts
- Hotel Comparison Prompts
- Medical Travel Checklist
- Emergency Contact Template
- Printable Travel Journal
- Family Holiday Planner

This bonus would be a valuable downloadable resource for your paid members.

□ **Matt's Tip**

Don't ask AI, "Where should I go on holiday?"

Instead, tell it about your budget, interests, preferred pace, mobility, and travel dates. The more detail you provide, the more useful and personalised the suggestions will be.

□ **Try This Today Challenge**

Ask AI to help you plan something you'll actually do this week.

It could be:

- A grocery shopping trip
- A visit to family
- A day out
- A medical appointment
- A weekend getaway
- Planning your next holiday

Then compare AI's plan with how you would normally organise it.
