Part 12 – Looking Ahead

What hobby or project would you like AI to help you with next?

My target start date: _____

★ Weekly Challenge

Choose **one hobby or personal project** you've always wanted to begin.

Use AI to:

- ✓ Create a 30-day learning plan.
- ✓ Complete your first lesson today.
- ✓ Spend at least **20–30 minutes** practising this week.
- ✓ Ask AI for feedback after each practice session.
- ✓ Record one thing you learned each day.

☐ ☐ Remember

Creativity grows through curiosity and consistent practice—not perfection.

AI is your personal coach, idea generator, and problem-solving

partner, but **your imagination, experience, and unique perspective are what make every project truly special.** Every small step you take today brings you closer to mastering a skill you'll enjoy for years to come.
